

Appeal for Flood Affectees

**Bring Life Back to Normalcy
Please Donate Now**

Torrential rains, flash floods and landslides have caused widespread devastation in Pakistan. More than 1400 people have lost their lives and a large number of people have become homeless and displaced. The number is increasing by the day. Livestock, houses, bridges, link roads and communication infrastructure have been washed away by flood water. The level of water in the country's major rivers has risen to a dangerous level threatening dams and embankments throughout the country. Muslim Aid appeals to help the flood-hit families of Khyber Pakhtoonkhwa (KP), as outbreak of water-borne disease emerged and penniless survivors sought refuge from the raging torrents. Muslim Aid has started its relief operations for flood affectees.
