

Aman Camp for IDPs in Swabi closed

Muslim Aid Aman camp, which was established in Swabi district, had been closed as all the 327 families had left for their homes safely. Muslim Aid Aman camp hosted displaced people from Swat, Dir and Buner. The return of IDPs from Aman camp was completed in four phases and for this purpose Muslim Aid provided additional transportation facility to the returning families with the government support.

Khobaib A Vahedy has said that after the relief phase the recovery and rehabilitation of affected people is more crucial. He said Muslim Aid would continue its efforts with commitment and dedication so that the displaced people could start normal life.

IDPs returning to their homes.

“Muslim Aid prime objective would be to help people in their rehabilitation and we had chalked out a plan for the recovery of returning families in the affected areas of Swat, Dir and Buner,” Khobain added. Vahedy thanked the local philanthropists and foreign donor agencies i.e. UNICEF, GlobalMedic Canada, Muslim Aid Australia, Qatar Charity, Human Relief Foundation, Rotary Club and Qidwai Welfare Trust for their timely support and collaboration with Muslim Aid in providing relief to the IDPs, adding the strong cooperation between the NGOs and government would mitigate the sufferings of the internally displaced persons (IDPs).

Shelter kits given to flood-hit families of Peshawar

Muslim Aid distributed shelter kits for the 170 flood-hit families of Peshawar. Torrential rains played havoc with the various parts of Peshawar in 2007. Ragi, Dirbala and Potohar were the areas which were badly hit.

While distributing shelter kits, Muslim Aid-Pakistan Chairman, Lt. Gen. (Retd) Khalid Latif Mughal addressed the beneficiaries and said that Muslim Aid would continue its support to most vulnerable communities of the country. Muslim Aid Country Director, Khobaib Vahedy also addressed the gathering. Later on shelter kits were handed over to the flood affectees.

GlobalMedic arranges training programmes for MAP staffers

A team of four members from GlobalMedic Canada, comprising of Programme Manager Emergency,

Media Manager along two volunteers visited Pakistan.

The purpose of the team was to respond to IDPs crises. The team distributed 7,600 sachets of ORS, 75,000 sachets of PUR and 1.4 million Aquatab water purification tablets.

The GlobalMedic team conducted trainings for Muslim Aid staffers on

erection of the inflatable hospitals and usage of the water purification units.

Matt Capobianco, Programme Manager Emergency GlobalMedic said that we were able to achieve all the set targets and for this purpose I was confident of Muslim Aid's ability. Muslim Aid management gave a farewell dinner to the guests from GlobalMedic and souvenirs were presented to them.

Chairman Muslim Aid-Pakistan visits field office

Lieutenant General (Retd) Khalid Latif Mughal visited field office Islamabad. He was received by the senior management at field office. Gen. Khalid was being introduced by all the team members of Muslim Aid and later on he was briefed about the relief activities of the organisation.

While addressing the team members, Gen. Khalid said that we should work more effectively to serve humanity. He lauded the efforts of Muslim Aid

Safe drinking water project completed

Muslim Aid launched a project of safe drinking water in Qubo Saeed Khan by using Traditional Water Filtration Units (TraWFUs). The TraWFU project

executed with main objectives of providing TraWFU to 1500 families with community sensitization leading to behavioral change regarding safe drinking water and enabling the community to make, maintain and

replicate the units through trainings to at least 35 youths.

Muslim Aid Programme Officer, G.R.

Farooqi said that the project was executed on January 2009 with the objective to distribute 1500 TraWFUs among 1500 families of Tehsil Qubo

Saeed Khan, conduct 60 awareness raising sessions for beneficiaries regarding safe drinking water behaviors and to train 20 volunteers regarding TraWFU manufacturing and maintenance. Awareness among 1126

male and 599 females regarding safe drinking water was launched.

Pakistan team and said that the Pakistan field office is very successful in achieving their objectives. He vowed that Muslim Aid Pakistan would continue its relief efforts with a focused approach to serve humanity in a better way.
