

8th Oct 2005 quake tragedy remembered

4th anniversary of 8th October 2005 earthquake, which hit Azad Kashmir and some parts of NWFP, is the day to extend solidarity for those whose hopes were vanished. After four years of the day, Muslim Aid staff offered special prayers for the soul of martyrs of the quake as well as progress and prosperity of Pakistan.

More than a hundred thousand people lost their lives. Since then, even with millions and millions of rupees coming into the country for reconstruction and development in those parts of Kashmir affected by the tragedy, there are still many families living in tents in Azad Kashmir.

These bitter memories haunt the affected people, who not only suffered hardships but also faced loss of lives of their kith and kin, despite passage of four years after a tragic and devastating 2005 earthquake that claimed thousands of lives and rendered millions homeless.

For such people Muslim Aid is involved in construction work of basic infrastructure i.e. houses, school and a Hospital but still there is lot more needed to be done. It is only possible with your kind and generous support.

Muslim Aid involved in mega construction projects in AJK & NWFP.

Eid gifts distributed among poor children

4th anniversary of 8th October 2005 earthquake, which hit Azad Kashmir and some parts of NWFP, is the day to extend solidarity for those whose hopes were vanished. After four years of the day, Muslim Aid staff offered special prayers for the soul of martyrs of the quake as well as progress and prosperity of Pakistan.
