Water Filtration Plant

Water Filtration plant installed in Sanghar and today 10,000 liter water filtered by the Muslim aid Filtration plant. Proper Connection of water from TMA is completed from tomorrow to onward Muslim aid water filtration plant is able to produce more filter water for the affected communities.

Meeting with IOM

Today meeting held with IOM (Mass Comm.) team in Sanghar, they are working on the gap identification and information dissemination.

Meeting with UNOCHA

Today meeting held with UNOCHA representative Sanghar, I share the Muslim aid progress of Sanghar. He said that I am going to organize the working group meeting in Sanghar from Next week so you should participate in this meeting. He also shared that According to UNICEF Muslim aid is the Co-chair Organization in the district in WASH cluster.

Meeting with PCRWR

Today meeting held PCRWR representative in Sanghar, they are going to start the Chlorination of water sources, I inform them that water tinkering is not started yet in district Sanghar.

They are willing to start the distribution of Aqua tabs in relief camps and for this purpose they demand aqua tabs from Muslim Aid.

Meeting with EDO Health Sanghar

Today meeting held with EDO Health Sanghar and we share our progress and request him for the Anti Malarial Medicines. EDO Health commit with us to provide the Medicine tomorrow.

Security Situation of Sanghar

1. Access to Sanghar is possible from Mirpurkhas.
2. Access to Sanghar is also possible on route Matiari – Khyber – Tando Adam – Kamal Brohi chowk near Wadhadani – Sanghar. Route is narrow but vehicles are moving on this rout.
3. Main road between Sanghar to Bai Nazeer Abad is under 2 to 3 foot water and open for heavy traffic only.
4. Access to Bai Nazeer Abad from Sanghar is possible on Sanghar – Jhol – Dalor – Berani Road – Shahdadpur – Sarhari – Gupchani – Bai Nazeer Abad route.
5. Road between Jhol to Shahdadpur is not accessible.
6. The road headed towards Maqsoodo Rind, Sarhari and Shahdadpur are under 3 foot water, restricting the movement to these towns.
7. Road from Tando Adam to Sanghar near Shah Baig Mari is under 6 to 7 foot water, access is not possible with any kind of traffic.
8. Water level is around 5 to 6 foot in different villages of UC Asghar Abad and Parhoon of Shahdadpur. No road is available to access these villages.
9. Two demonstrations were reported in Tando Adam and Sanghar.

Issues/Challenges

- ✓ Unavailability of Admin and Account Officer, due to unavailability of admin and account officer it is difficult to handle the admin and account procedures.
- ✓ Accessibility issue due to water on road till now

Important Information

Executive District Officer Community Development Sanghar briefing

EDO CD welcome all the participants those who are present in this meeting.

EDO CD brief the participants about the destruction of district Sanghar

We want to know the progress of organizations. All the NGO's/INGO's of Sanghar working according to their capacity.

Main issues of the district right now

- Dewatering (if water remove from the different places people are easily stable)
- Air spay required to control malarial diseases.
- Dead Animal Disposal
- All the government offices are also still under water
- I am thankful to Amjad (UNOCHA) to arrange this coordination setup.
- I am thankful to all organizations working in Sanghar for the affectees.

Muhammad Amjad Ghani (UNOCHA)

- On behalf of UNOCHA I welcome all of you in this meeting.
- UNOCHA is working only to improve the coordination among the humanitarians.
- Main purpose to organize and build strong platform is to avoid replication.
- Improve coordination among the all NGO's/INGO's and District government.
- Share progress and future plan on behalf of this forum.

OCHA organize Cluster on National, provincial and now they are moving towards the district level to organize the setup.

Every organization involves in the emergency response according to their capacity but nobody knows about other work. OCHA develop coordination to avoid the duplication.

Save the Children
